# OUR DISTRICT OF FÜRTH

## FOURTEEN COMMUNES

Join us on a diverse tour of discovery from cultural to active and eventful. Make yourself ready for some insider tips in the district with its 14 communes.

## AMMERNDORF

The historic market town of Ammerndorf is located in the middle of a valley, called "Biberttal". The beautiful village church with its onion domed tower is located on the market square, surrounded by historic half-timbered houses. The private brewery Dorn-Bräu, which was founded in 1730, is also located here. The annual event highlight is the elderberry festival and takes place on the first weekend of June.

Tel. 09127 / 95 550 • [www.ammerndorf.de](http://www.ammerndorf.de)

## CADOLZBURG

The name Cadolzburg was first mentioned in 1157. The history of the over 850-year-old village is reflected today mainly in the castle, but also in the many historical buildings on the market square. The castle itself had been in the possession of the burgraves of Nuremberg since 1246 and developed into an important regional center in the Middle Ages. The tower "Cadolzburger Bleistift", which means Cadolzburg pencil, offers a great all-round view.

## GROSSHABERSDORF

Großhabersdorf impresses above all with diversity. In addition to the largest natural swimming pool in the Nuremberg area, you will also find the only cinema in the district and one of the most beautiful half-timbered houses in Franconia: the inn "Zum Roten Ross". Großhabersdorf also offers an inviting combination of natural landscape, beautiful hiking trails and sports facilities.

The former Augustinian monastery is also a wonderful backdrop for the regular cloister court games.

Tel. 09101 / 70 30 • [www.langenzenn.de](http://www.langenzenn.de)

## OBERASBACH

In Oberasbach you can enjoy urban flair with its own charm. Although the area of today's city of Oberasbach is one of the oldest settlement areas in the administrative district, the municipality was only elevated to city status in 1994. In addition to the nature reserve "Hainberg" the certified Fairtrade Town Oberasbach can score with its modern city centre.

## OBERMICHELBACH

The family-friendly Obermichelbach is the perfect starting point for hikes and walks. Framed by meadows and rural idyll the northernmost municipality in the district nestles into the Franconian natural backdrop. Another highlight is the Church "Heilig-Geist", which dates from 1660.

## PUSCHENDORF

The municipality Puschendorf is located in the north of the district and impresses with its quiet and scenic location in the "Rangau"-territory. In the center of the town you can find a listed, thousand-year-old monumental oak. Beside it, you will find in Puschendorf the loveliest Madonna of Franconia, which is situated in the Church of "St. Wolfgang" from the 15th century.

## ROSSTAL

The market town of Roßtal is located on a small plateau in the southern district. Historically shaped mainly by the Hohenzollern family, the place impresses with many historic buildings and a unique archaeological route. The church of "St. Laurentius" with its crypt has an interesting Hohenzollern-history and is characteristic of Roßtal's townscape.

## STEIN

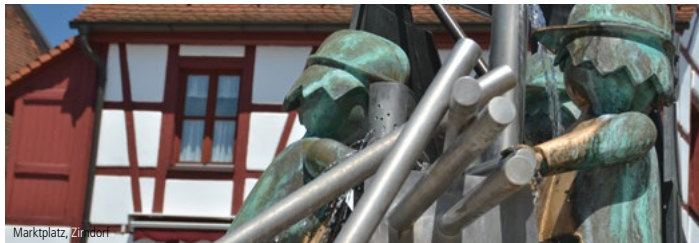

Stein is the “city of pencils”. In addition to the castle, the museum “Alte Mine” and the pencil production of the global acting company “Faber-Castell”, the town is particularly impressive with its historic buildings, such as the local museum, which was built in 1690. The spa and leisure pool “Kristall Palm Beach” in Stein is another highlight of the district. The “Rednitzgrund” turns Stein into a green city.

- ▷ Stadt Stein • Hauptstraße 56 • 90547 Stein  
Tel. 0911 / 680 10 • [www.stadt-stein.de](http://www.stadt-stein.de)

## TUCHENBACH

Surrounded by idyllic landscape and meadows is Tuchenbach, the smallest municipality in the district. Even today, things are still rather quiescent here, but this rural charm is particularly convincing, because it offers the ideal opportunity to leave everyday life behind. Worth mentioning are the traditional festivals, such as the country fair from Ascension Day and the Advent market on the first Sunday of Advent.

## ZIRNDORF

The town of Zirndorf, the largest town in the district, is historically characterized mainly by the “battle at the Alte Veste” between Albrecht Wallenstein and Gustav Adolf, as well as by the development of the domestic toy industry. Games and fun can be found today in the unique theme park “Playmobil FunPark” and in the Weiherhof high ropes course.
